

# VeriCool Form Registration – what do you get?

6TH FORM  
REGISTRATION

VeriCool 6th form registration is a comprehensive solution offering your school all the functionality of the full blown lesson-by-lesson VeriCool software used in secondary schools, but at a fraction of the cost.

Below is a list of all hardware and software included.

- **VeriCool Database Server**

3.8 GHz dual core processor, 1 GB Ram, 2 x 80 GB serial ATA HDD, 17" TFT monitor, keyboard and mouse, MS XP Pro, DVD-WR. (Can support registration in up to 10 classrooms). The database server is to be installed in the school server room.

- **VeriCool Database Server Licence**

To be installed on the VeriCool supplied database server.

- **VeriCool Class Registration Licence**

Class registration to be installed on a school designated workstation.

- **VeriCool Enrolment Licence**

Enrolment to be installed on a school designated workstation. The above enrolment licence is supplied with a VeriCool fingertip scanner and camera.

- **Installation**

A member of the VeriCool team will arrive on site to install and configure the VeriCool software. This takes 2 hours and is conducted with little disruption to the school, students or staff.

- **Enrolment and Training**

Once installation is complete, enrolment can begin. This will take approximately 2 hours. Once enrolment is complete, training of staff can then commence. The training will take 1 hour.

- **Maintenance and Support**

Our comprehensive annual paid software support licence covers all VeriCool software:

- Monday to Friday 8.30am to 5pm first line telephone support.
- Monday to Friday 8.30am to 5pm remote access to the VeriCool database server using 'remote access software'.

All VeriCool software is supported, this includes patches and fixes, as distributed by us.

- **Warranty**

All VeriCool supplied hardware is covered by the following warranty if found to be defective during the first 12 months of use:

- 12 Months return to base warranty on the registration workstation.
- 12 Months return to base warranty on the fingertip scanners

# VeriCool form biometric registration software...

6TH FORM REGISTRATION

The main interface shows a grid for marking attendance. The columns are labeled 'Marked', 'Name', 'Enrolled', 'Form', 'AM', 'PM', and days of the week (SU to FR). The 'Enrolled' column has 'Y' for present and 'N' for absent. The 'AM' and 'PM' columns have checkboxes for marking attendance.

The 'Selected Class List' dialog box shows a table with 'Time' and 'Subject' columns. The 'Time' column has 'AM' and 'PM' options, and the 'Subject' column has 'Registration'.

The bottom toolbar contains icons for: Save Marks, Mark All as Present, Lock Screen, Contact Admin, Print, and Help.

...if your school runs SIMS.net there is no better way to record attendance for your 6th form

VeriCool for schools... the market leading Biometric multi lesson registration, cashless catering and school reception software provider.
