# VeriCool multi-lesson registration software...

MULTI-LESSON  
REGISTRATION

Rather than simply being able to register students in class, you and your staff will now be able to view attendance data from previous lessons or days. This is a massive step forward in the development of our software as not only have we refined the overall functionality, but also we have re-designed the interface to make it clearer and more logical to use.

**Shown below are a number of screen shots of the new software to give you a clearer overview of the changes made.**

The new 'Class Selection' form gives you all the functionality of the previous version of **VeriCool**. In addition you can select a form or lesson from a previous date.

The class registration screen will reflect your school's registration mode. In this example there are the maximum of 10 registrations, AM/PM and 8 lessons.

| Marked | Name                | Enrolled | Form | AM | PM |
|--------|---------------------|----------|------|----|----|
| ●      | Daniel Atkins       | Y        | Q    | ✓  |    |
| ●      | Brenda Blair        | Y        | Q    | ✓  |    |
| ●      | Graham Hancock      | Y        | Q    | ✓  |    |
| ●      | Julie Kristopherson | N        | Q    | ✓  |    |
| ●      | Daniel Cox          | Y        | Q    | ✓  | M  |
| ●      | David Cracknell     | Y        | Q    | ✓  | E  |
| ●      | Melanie Ball        | Y        | Q    | ✓  | C  |
| ●      | Al Al-Jale          | Y        | Q    | ✓  | ✓  |
| ●      | Mandy Dalton        | Y        | Q    | ✓  | ✓  |
| ●      | Carolee Woods       | N        | Q    | ✓  | ✓  |
| ●      | Joella Wilson       | N        | Q    | ✓  | ✓  |
| ●      | Daniella Dickson    | N        | Q    | ✓  | ✓  |
| ●      | Rosanna Widen       | N        | Q    | ✓  | ✓  |
| ●      | Charles Walker      | Y        | Q    | ✓  | ✓  |
| ●      | Richard Hooper      | Y        | Q    | ✓  | ✓  |
| ●      | Lee Tsang           | N        | Q    | ✓  | ✓  |

So that a teacher can clearly identify who has registered, we have implemented a colour coding, 'RED' for unmarked and 'GREEN' for marked.
